ABOUT ME

Hello! I am an aspiring concept artist and illustrator with three years of experience as a freelance digital artist. My area of focus is in dark fantasy illustration. I enjoy creating characters that inhabit complex, and fantastical worlds. I thrive working in collaborative environments with clients and fellow creatives, as well as independently on solo projects. I offer well developed skills in Adobe Photoshop, Illustrator, and InDesign, all of which I have professional experience in. I am open to relocation and remote opportunities.
